

Martin Stephan joined Global Bioenergies in October 2023 as Chief Business Officer.

Martin has spent his entire career in the chemical industry, in the chemical branch of the Elf/Total group, at DuPont de Nemours, at Chemours, and at CARBIOS, a French clean-tech developing biological technologies for the end-of-life of plastics and fibers.

He was born in France, has worked in France, Germany, Italy, and Switzerland.

Martin holds a Master of Science in Business Economics from HEC in Paris.
